An alternative address has been allocated to sites with more than one road access in this subdivision. In these instances the correct address number to use is that which reflects the road from which primary access is gained.

It should be noted that any plan amendments prior to the plan depositing may affect the addresses allocated.

Please ensure that any future new owners are informed of their correct property address.

In order to assist emergency services and others in locating properties, and to ensure compliance with Auckland Council bylaw, it is essential that address numbers are displayed as soon as practicable. It is recommended that number signs should be:

- Numerals at least 75mm in height
- Of high contrast and reflective – readily visible both day and night from a moving vehicle
- Attached to the letter box or other prominent position on or near the front boundary of the property, at least 1m above the ground
- Maintained in a way that easily identifies the property at all times.

Please do not hesitate to contact me should you have any queries.

Yours faithfully

**Sandra Walker**
