An alternative address has been allocated to sites with more than one road access in this subdivision. In these instances the correct address number to use is that which reflects the road from which primary access is gained.

Please note, the addresses allocated are only proposed addresses and it should be noted that any plan amendments prior to the plan depositing, may affect the proposed addresses allocated. If there are any changes to the proposed addresses we will inform you in writing. If there are no changes to the deposited plan, the proposed property addresses will become official.

Please ensure:

- 1) The address displayed on any mailbox or signage is changed or repositioned if necessary to an appropriate place on the property. This is required to be visible from the road to assist emergency services, New Zealand Post and utility services.
- 2) Displayed numbers on letterboxes, must be a minimum of 25mm in height.
- 3) If your property is on a corner site, the mailbox is placed on the correct road.
- 4) Where your property is leased or tenanted it is your responsibility to advise the occupants of the street address.

Street numbers are allocated in accordance with section 319B of the 1974 Local Government Act and the current New Zealand and Australian addressing standards.

If you have any queries regarding the above information, do not hesitate to contact me
